

Asian Concrete Federation

Welcome to join the Asian Concrete Federation

The Asian Concrete Federation has activities to promote understanding of concrete structures and services to the society through concrete structures in countries in the Asia and neighboring region through

- Initiation and support of international collaborative activities for development of research and technology relating to various aspects of concrete and concrete structures
- Dissemination of useful information on concrete and concrete structures by way of publications, conferences, symposia, workshops and/or seminars
- Promotion of updating and revising concrete codes/standards on structural design, materials, construction and maintenance through development of new knowledge to meet the needs of changing time
- Interaction with the members and keeping them aware of the activities of the Federation
